WHY CHOOSE  
**SYNERGI SW?**

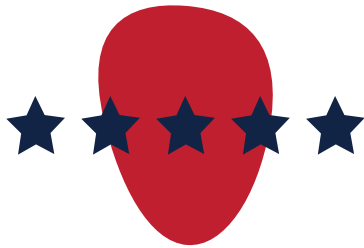

**FIXED PRICE  
GUARANTEE**

You pay what we quote  
- No hidden costs.

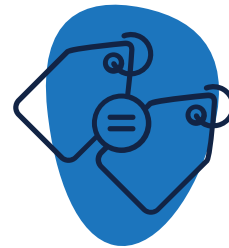

**UP TO 12 YEARS  
GUARANTEE**

Our boilers come with up to  
12 years parts and labour  
guarantee.

**5 STAR  
SERVICE**

We don't just want to satisfy our  
customers we want to  
amaze them.

**PRICE MATCH  
PROMISE**

We will not be beaten  
on our package.

**THE SYNERGI SW  
SATISFACTION GUARANTEE**

WE'RE NOT HAPPY UNTIL YOU'RE HAPPY.

We understand that buying a new boiler can be an expensive purchase, which is why we strive to provide our customers with outstanding satisfaction in our boiler packages and installations. We are the experts in our field, continually offering

unrivalled levels of service and quality products into thousands of households around the South West each year. We pride ourselves on being honest and fair. We promise to always present you with your best options. We're not happy until you're happy.

# DOING OUR BIT

Alzheimer's Society is the UK's leading dementia charity. We campaign for change, fund research to find a cure and support people living with dementia today.

Throughout the year Synergi will be supporting the Alzheimers Society as they face dementia head on; leading the way in support, society and research. We also donate £1 for every new boiler installed.

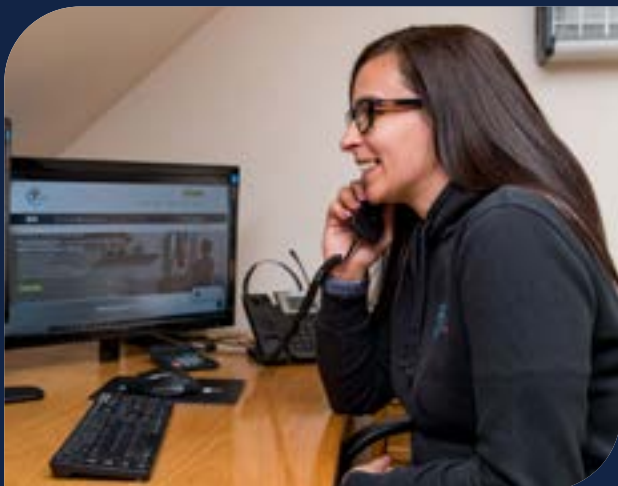

(more : trees)

MEMBER

**Climate change is harming our planet, but if we all make a small change, we can make a big impact.**

We've partnered with more:trees to plant trees, so you can help sequester carbon dioxide in the future. When you install a new boiler from Synergi, we will plant a tree on your behalf. Sometimes it's the little things that count.

## FANCY A CHAT?

We have a dedicated support team located in our Devon based office available Monday to Friday. They're on hand to answer your questions, support you through your new boiler purchase and follow up afterwards to make sure you're 100% happy. If you have an emergency you'll be put through to our emergency line where an engineer is ready 24/7.

DON'T JUST TAKE OUR WORD FOR IT  
**OUR CLIENTS LOVE US**

Synergi installed our new boiler and recently returned to service it. Always brilliant service, very clean and easy. Brilliant company!

**LAUREN**

Excellent service and installation work carried out by Synergi, I would recommend their work to anyone, again thank you so much.

**AMANDA TALBOT**

Synergi fitted our new combi boiler. Fast efficient service. Would definitely recommend. Thanks guys this is how companies should operate.

**DAVID WILLS**

Highly Recommend... a clean, thorough, professional job. Couldn't ask for anything better... Super customer service.

**SUSAN**

Synergi came out to look at our old boiler that we wanted replacing. Everything was explained clearly and the price was middle of the park so we were really happy. The job was completed on schedule and with no extras. Very pleased and would highly recommend.

**DAVID HOLLINGSWORTH**

I found them to be very helpful & friendly. I even got a call from the office after the engineer left, they wanted to check I was happy, great service!

**DAVID WHELAN**

Excellent service by Synergi SW. The engineers were both extremely neat and tidy and I would definitely recommend. Very competitive prices and a very professional company. Thank you and I look forward to using you again.

**DAVID HOLLINGSWORTH**

"The close working partnership established between Worcester Bosch & Synergi guarantees the end user ultimate satisfaction. Quality installations coupled with quality products, supported by a highly comprehensive aftercare service, gives total peace of mind."

- Built in the UK using top quality brass components

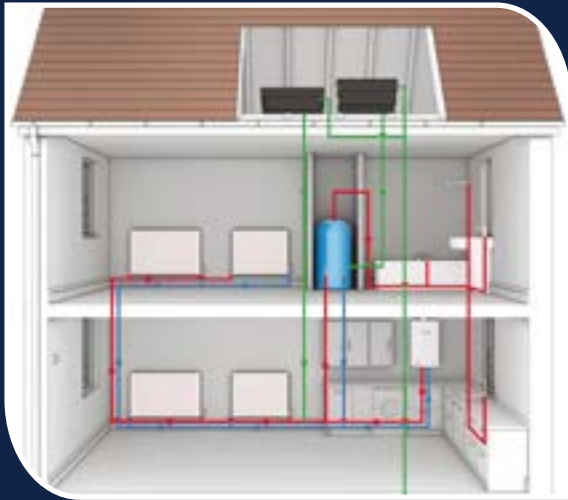

- Award winning product range
- 91.6% gross efficiency
- 7 year warranty
- Neon diagnostic indicator system
- Indoor, outdoor and wall hung options

WE CAN PROVIDE FOR MOST TYPES OF SYSTEMS

## WHAT SYSTEM DO I HAVE?

### REGULAR BOILER

Regular boilers (sometimes known as traditional, conventional or heat only boilers) are ideally suited to homes that already have a traditional heating and hot water system, which is linked to a separate hot water cylinder.

These boilers also need a cold water storage tank in the loft to feed the hot water cylinder, as well as a tank that maintains the water level of the central heating system.

### COMBI BOILER

A combination or 'combi' boiler, is both a high efficiency water heater and a central heating boiler in a single compact unit.

Combi boilers heat water directly from the mains when you turn on a tap, so you won't need a hot water storage cylinder or a cold water storage tank in the roof space.

### SYSTEM BOILER

System boilers require a cylinder for storing hot water, however the major heating and hot water system components are built into the boiler itself, making it quicker and easier to install.

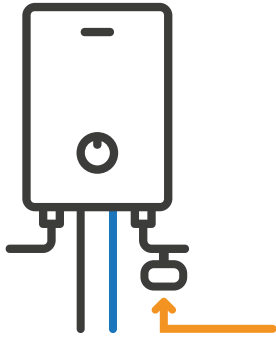

In addition, there is no need for a tank in the loft, so it can be an option in a home with little or no loft space or where the space is earmarked for a conversion.

ADDED EXTRA VALUE

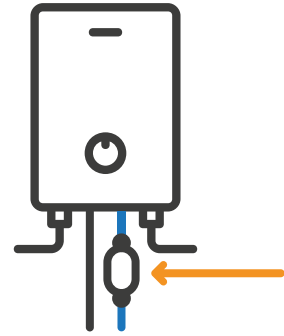

# ESSENTIALS INCLUDED

Don't get caught out with hidden costs.  
Here at Synergi we include all of the following as standard

## MAGNETIC FILTER

A Magnetic Filter is a filter system which essentially stops your system from building up with Magnetite also known as sludge, increasing energy efficiency and output within the system.

## LIMESCALE REDUCER

Your scale reducer will be connected to the cold water mains and will work by reducing the risk of limescale build-up within your boiler.

## SHOCK ARRESTOR

Protect your boiler from pressure changes and expansion when water becomes hot. Help reduce cracked water heat exchangers and damage to internal components.

## WASTE COLLECTION SERVICE

Here at Synergi not only do we strive to deliver the best installations using our market leading products and controls, but the environment is also of great importance to us so we remove your waste efficiently and correctly.

Leaving you reassured you are protecting the environment. We also hold the appropriate waste carriers licenses giving you the extra peace of mind that we are disposing of any waste properly.

## WATERFLOW CHECK

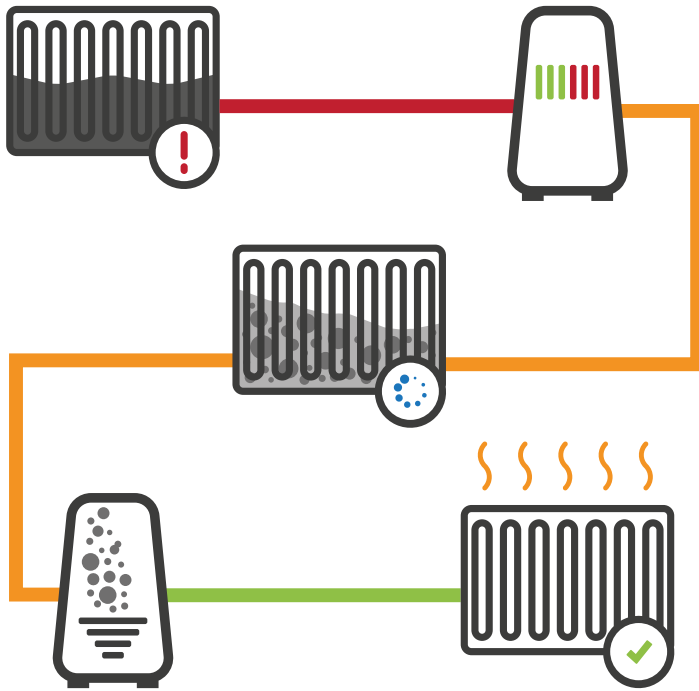

We measure your water flow to determine an accurate boiler size.

## CHEMICAL FLUSH

Include a chemical flush of the entire system.

GO A LITTLE FURTHER  
**OPTIONAL EXTRAS**

### **POWERFLUSH**

A powerflush is a cleansing process which will clear sludge, rust and any other debris from your central heating system, pipes and radiators. These deposits if left can seriously affect the efficiency of your heating system and can cause cold spots in your radiators even after bleeding them.

Ask for a price.

GO SMART AND SAVE  
**YOUR CONTROL OPTIONS**

RECOMMENDED

### **HIVE SMART CONTROLS**

- Ultimate control
- Set daily schedules
- Remote control
- Protect your pipes from freezing
- Compatible with all other Hive products
- Really easy to use

### **EPH ZONE RF PROGRAMMER PACK**

- Available in multiple zone options
- Easy to use
- Digital Display
- Can be controlled by the EMBER App with the addition of a WiFi gateway

### **HONEYWELL T4 PROGRAMMABLE 5 DAY 2 DAY PROGRAMMER**

- Wireless control
- Easy to use
- Digital Display
- Flexible week and weekend settings

**OTHER:**

**USE EXISTING UNIT OPTION**

*All controllers are subject to availability. An alternative and equally compatible controller may be supplied at installation*

# SYNERGI PRICE MATCH PROMISE

We won't be beaten on value

## WE WILL NOT BE BEATEN ON PRICE

We won't be beaten on value for your new boiler package. Plus, the price we quote after your free home survey is the price you pay. There will be no hidden registration, waste removal or certification fees.

We promise to go above and beyond, providing real value from the start. We'll carry out a free in-depth technical survey (which includes checking your water flow, electrical and gas safety) so we can recommend the perfect boiler for your needs.

We bet you won't find a comparable package cheaper elsewhere. But if you do, we'll match it!\*

*\*A copy of a written quotation must be provided to qualify for a price match.*

## OUR SELECTION OF PAYMENT OPTIONS

At Synergi we know your boiler is at the heart of your home, and the cost of replacing it can sometimes come as a surprise, it's not something that many of us save for – or something we want to spend our savings on!

That's why Synergi can now offer the ability to spread the costs of your new boiler and installation over a repayment term that best suits you. We have joined forces with Worcester Bosch and Hitachi Capital to offer the below products.

BUY YOUR BOILER OUTRIGHT

### MAKE CARD PAYMENT

SPREAD THE COST & PAY AS YOU SAVE

### 0% INTEREST 10 MONTHS

10 Month interest-free credit for a short term payment scheme where you can make full payment within a year with zero interest.

Example loan amount: £1,700  
10 Monthly Payments: £170  
Total charge for credit: £0.00  
Fixed APR (representative) x0.0%

SPREAD THE COST & PAY AS YOU SAVE

### 0% INTEREST 2 YEARS

2 years interest-free credit  
Money is better in your bank than ours, utilise our interest-free credit and continue to save your money.

Example loan amount: £1,700  
24 Monthly Payments: £70.83  
Total charge for credit: £0.00  
Fixed APR (representative) x0.0%

MAKE AN INVESTMENT OVER TIME

### UP TO 10 YEARS 7.9%

Up to 10 years 7.9% finance  
Don't sacrifice quality and added value, spread the cost now and secure your future benefits.

Example loan amount: £1,700  
Deposit: £500.00  
120 Monthly Payments: £20.30  
Representative APR: 7.9%

*\*Finance is offered subject to status and credit check. Available on Worcester boilers only.*
